ISU Occupational Medicine Program:

On the Path to Minimizing Your Personal Health Risks

1. Complete this form BEFORE you start work in the lab.

Hazard Inventory Form

2. Your supervisor reviews and emails the Hazard Inventory to EH&S.

Vist with Your Supervisor

3. EH&S reviews the Hazard Inventory and may ask that you provide more information on a Hazard Information Request.

Inventory Reviewed

4. If requested, complete this form with your supervisor’s help.

Hazard Information Request

5. Return the form to EH&S.

6. If YES, EH&S will send you a Medical Review Notice. If NO, you have completed this process.

Do You Require Medical Monitoring?

7. If required you make an appointment with Occupational Medicine.

Medical Review Notice
