Iowa State University
Fire Emergency Response Procedures

1. Pull the fire alarm
   - Verbally notify others.

2. Call 911
   - Call from a safe location.

3. Evacuate the building
   - If you have time:
     - Close doors and windows.
     - Shut down hazardous operations.

4. Extinguish the Fire (Not Required)
   - Only If:
     - Steps 1, 2, & 3 have been accomplished.
     - You have the appropriate training.
     - You can safely do it.
