

**Weather Notification Plan
Animal Science
Kildee Hall/Meat Lab**

The Meat Lab Plans were developed separately and begin on page 4 of this document. Kildee Hall and Meat Lab plans may slightly overlap in the new section of Kildee.

Upon receipt of a weather alert via the weather radio, the following notification action will take place in Kildee Hall. Areas within the scope of Kildee Hall will be notified of impending bad weather. Areas will be notified of a severe thunderstorm warning, tornado watch, or tornado warning. Under severe thunderstorm warning and tornado watch conditions, notification will be given to office areas that severe weather is in the area via email and telephone lists. No further action will be taken. For a tornado warning, notification will include instructions to seek the appropriate shelter area.

Weather radios are located in the following areas of the buildings:

Joan Aiton	1221 Kildee Hall
Helen Kepler	119 Kildee Hall
Barb Magnuson	201 Kildee Hall
Donna Watson	337 Kildee Hall
Steven Niebuhr	2293 Kildee Hall
Michael Holtzbauer	182 Meat Lab
Ardella Krull	215 Meat Lab

The following guidelines for notification are in effect for a tornado warning:

1221 Kildee Hall- Phone Calls

Joan Aiton (294-7620), Charles Sauer (294-4524), Donna Nelson (294-2160) and Matt Logsdon (294-2129) will be responsible as follows in initiating phone calls to locations specified below.

1. Julie Roberts, 301 Kildee (4-2353) will alert rooms 301, 303, 305, 307, 309, 311, 313, 317, 318, 319)
2. Ann Shuey, 2255 Kildee (4-2570) will alert rooms 2255, 2262, 2258, 2254, 2252, 2244, 2242, 2240, 2236, 2234, 2232, 2243, 2241, 2235, 2231.
3. Jane Linn, 2356 Kildee (4-1427) will alert rooms 2356, 2344, 2340, 2336, 2332, 2361, 2359, 2355, 2351, 2343, 2341, 2339, 2337, 2333, 2331.
4. Diane Maxwell, 4 Kildee (4-2526) will alert rooms 15, 25 and 1.

1221 Kildee Hall-Physical Notification

1. 125 Kildee Hall (Lush Auditorium) (Donna)
2. 2310 Kildee (Farm Pavilion classroom) (Joan)
3. 1204 Kildee (Ensminger Room) (Matt)
4. Research rooms (Rooms 1231-1360) (Charles)

119 Kildee Hall-Phone Calls

Helen Kepler (4-3161) will be responsible as follows in initiating phone calls to locations specified below and will alert rooms 119, 116, 118, 120.

1. Ilene Carlson, 123 Kildee (4-6021) will alert rooms 123, 122 and 124.
2. Jane Runneals, 109 Kildee (4-4103) will alert rooms 109, 108, 107, 105 and 104
3. Mark Hawley and Ken Toft, 106 Kildee (4-5149)

201 Kildee Hall-Phone Calls

Barbara Magnuson, 201 Kildee (4-2724), will be responsible as follows in initiating phone calls to locations specified below and will alert rooms 201, 203, 207, 209, 211, 213, 217, 219

1. Marcia Berrett, 237-239 Kildee (4-3184) will alert rooms 237-239, 225, 227, 229, 231, 232, 233, 243, 245 and 11

337 Kildee Hall-Phone Calls

Donna Watson, 337 Kildee (4-0847) will alert the Department farms and will alert rooms in 337; 335, 333, 325, 344, 344, 339, 341, 343, 336

215 Meat Lab

See Meat Lab plans below.

Physical Notification

This action involves initiating the plan above and walking to certain areas in Kildee and alerting individuals of a tornado warning (also covered above). These areas include:

1. 125 Kildee (Lush Auditorium) will be notified by 1221 Kildee personnel
2. 2310 Kildee (Farm Pavilion classroom) will be notified by 1221 Kildee personnel
3. 104 Kildee (classroom) will be notified by 109 Kildee personnel
4. 105 Kildee (classroom) will be notified by 109 Kildee personnel
5. 107 Kildee (classroom) will be notified by 109 Kildee personnel
6. 108 Kildee (classroom) will be notified by 109 Kildee personnel
7. 15 Kildee (lab room) will be notified by 4 Kildee personnel
8. 25 Kildee (lab room) will be notified by 4 Kildee personnel
9. 1204 Kildee (Ensminger Conference Room) will be notified by 1221 Kildee personnel
10. Research rooms (Rooms 1231-1360) will be notified by 1221 Kildee personnel
11. 1 Kildee (computer lab) will be notified by 4 Kildee personnel
12. 122 and 124 Kildee (computer lab) will be notified by 123 Kildee personnel

Kildee Hall Storm Shelter Floor Plan Instructions

These instructions are guidelines for the storm shelter areas of Kildee Hall.

Third Floor/original Kildee: Exit using north or south staircase to basement level, to area hallway A or B (north and west corridors).

Second Floor/original Kildee: Exit using north or south staircase to basement level to area hallway A or B (north and west corridors).

Second Floor/ Kildee Addition (2255 and 2356 hallways): Exit using the staircase to the north side of the building to ground level, enter research area hallway (Charles or other admin staff will be at north end of hall).

First Floor/original Kildee: Exit using north or south staircase to basement level to area Hallway C and D (south and east corridors).

First Floor/Kildee addition:

First Floor/Lush Addition (125 Kildee): Use back stairs from classroom to basement level, or exit to foyer area, across foyer and down stairs in southern corner of old Kildee Hall, to area hallway D and E (southern most corridors near Lush).

1204 Kildee Hall (Ensminger Room): Stay in the room, move to center, away from the doors.

1221 Kildee: Exit south staircase to basement level, to area hallway C or D or follow same instructions as group you notified.

Restricted research area: Exit from rooms into center hallway of restricted area.

2310 Kildee Hall: cross Pavilion floor to the general holding area hallway.

Weather Notification Plan Meat Lab

Upon receipt of a weather alert via the weather radio, the follow notification action will take place. Areas with in the scope of the Meat Lab will be notified of impending bad weather. Areas will be notified of a severe thunderstorm warning, tornado watch, or tornado warning. Under severe thunderstorm warning and tornado watch conditions, notification will be given to office areas that severe weather is in the area. No further action will be taken. For a tornado warning, notification will include instructions to seek the appropriate shelter area.

The following is the set guidelines for notification.

Phone Calls

1. Randy Petersohn (294-5321) or Deb Michel (294-1187) in Room 194 Meat Lab will be responsible to alert individuals in that area.
2. Ardella Krull (294-9151) in 215 Meat Lab will be notified and responsible to alert individuals in that area.
3. Marcia King-Brink or Elaine Larson (294-2166) will be notified and responsible to alert those in that area.
4. The graduate student office (294-1548) will be notified.
5. Gloria Lantz (294-4405) at 2275 Kildee (Meat Lab Addition) will be notified and responsible for alerting the offices and labs in this area. If Gloria is not available, Steven Lonergan (294-9126) will be notified.
6. Steve Niebuhr (294-4663) will be notified and be responsible for alerting his area.

Physical Notification

This action involves walking to areas with the Meat Lab and alerting individuals of a tornado warning. These areas include:

1. 160 Meat Lab
2. 137 Meat Lab
3. 163 Meat Lab
4. 133 Meat Lab
5. 152 Meat Lab

Rooms 163 and 133 are classrooms. Faculty or staff members will be responsible to make sure students or visitors go to the appropriate storm shelter area.

Note: If the weather coordinator is gone, the weather radio will be transferred to 194 Meat Lab. All notification responsibilities will be moved to a designated individual there.

There are 2 additional weather radios located in 215 Meat Lab (Ardella) and 2292 Kildee (Steve Niebuhr). These radios are to assist in notification, but still main notification will originate from 194 and 182 Meat Lab.

Meat Lab Storm Shelter Floor Plan Instructions

These instructions are guidelines to reach a designated storm shelter area and reading the floor plan.

First Floor Meat Lab

1. Routes to storm shelter areas are marked by red arrow.
2. Follow appropriate route to shelter area A, B, or C.
 - A) In hallway by 165 Meat lab to 137 Meat Lab.
 - B) In hallway by 121 Meat Lab (between bathrooms)
 - C) Small hallway by door 1290 Kildee and 164 Meat Lab (between overhead door of sales dock and atrium door).

Second Floor - Meat Lab

1. Follow routes marked by red arrows.
2. Proceed to first floor Meat Lab to point B by 121 Meat Lab (between bathrooms)

Second Floor – Meat Lab/Kildee Addition

(includes rooms 2271 – 2378Kildee)

1. Follow routes marked by red arrows.
2. Proceed to first floor Meat Lab or Kildee.
3. Move to point C or D. Point D is located by 1287 Kildee (Metabolism Room).
4. If at point C, make sure that door for 1290 is closed.

Shelter areas A, B, C, and D afford reasonable protection. They are away from outside windows and doors, tall ceilings, are close to inner support, and near emergency lighting.

When proceeding to shelter areas:

1. Move quickly, but in a reasonable manner. Running can create falls with injuries or trampling of others.
2. Remain calm.
3. Once to shelter area, remain standing close to the wall and remain calm.
4. You will be notified when you can return to your work area or exit the building.
