Contacts:

Foreign Languages & Literatures (3rd floor): Terri Nelson 4-4046
Opptag and/or Psychology faculty on 2nd floor: Keith Swanson 4-1551
Theatre/Speech (2nd floor): Leise Vanderbroek 4-2624
FLL faculty/classrooms (1st floor): Terri Nelson 4-4046
Graduate College (Basement): Charlene Shaw 4-4531
Linda Thorson 4-4531

Emergency shelters in case of Tornado:

Basement
First floor – Interior hallway has no windows and is in the center of the building.
Second floor – Interior hallway has no windows and is in the center of the building.
Third floor – Are to use basement, interior hallways on lower floors, or restrooms located on each floor.

Procedures:

1. The weather coordinator for the building, Terri Nelson, will inform the individual contacts for each floor designated above via phone who then will inform those on their floor. Each floor should use their procedure plan accordingly.

Basement:
Those in the basement are to remain in the basement since it’s the most secure location in the building. There are two large rooms (12 & 22) and the hallway, which are to be used.

First floor:
Occupants will exit their rooms and proceed to the basement via the stairwell or remain in the first floor hallway. This is an interior hallway of the building and has no windows.

Second floor:
Occupants will exit their rooms and either proceed to the basement or remain in the second floor hallway. This is an interior hallway and has no windows.

Third floor:
Occupants will exit their rooms and proceed to any of the locations listed above, the basement first, interior hallways on lower floors second, and restrooms third.
