The Department of Environmental Health and Safety at Iowa State University invites you to HAZWOPER Refresher 2012. The course will focus on larger hazardous materials incidences, including tank cars and bulk materials storage, responding in hot and cold environments, and rescue techniques.

This year’s refresher course will be a traditional 8-hour classroom setting with emphasis on techniques and exercises.

Course fee is $125. Register by calling 515-294-2193 or email ehstrtrain@iastate.edu. Iowa State employees register online through the Learning Center. Registration deadline is May 10. Seating limited!
