Pursuant to the requirements of Iowa Administrative Code 641-40.110 (136C) “Posting of Notices to Workers” the following documents are available for viewing at the Environmental Health and Safety Services Building and at Iowa State University’s Environmental Health and Safety web site:

1. This sub rule and 641-Chapter 40
2. Instructions for viewing Iowa State University’s Broadscope Radioactive Materials License
3. Instructions for viewing radiation safety program standard operating procedures
4. Any notice of violation involving radiological working conditions and any response

If you wish to contact the person responsible for radiation safety at Iowa State University, call, write or visit:

Environmental Health and Safety, 2408 Wanda Daley Drive, Ames, IA 50011-3660
Telephone: 515-294-5359, Fax: 515-294-9357
